DEPARTMENT REQUISITION NO.	ITEM DESCRIPTION	BIDS REQUESTED	BIDS RETURNED	SUPPLIER	COST	FUND NAME	NOTES
R142586 Emergency Contract No. Y-16-003-101 Youth & Family Development	Design of Roof Repair West 12th St. YFD Center	-	-	Integrated Structural Services, Inc. 40 Stagecoach Rd. Ringgold, GA 30736	Not to Exceed \$40,000	General Fund	This emergency report of Roof Repair Design of the West 12th St. YFD facility has been initiated to protect the facility from further damage and to ensure the health and safety of the staff and public. Public Works Engineering recommended Integrated Structural Services, Inc. based upon their past performance and ability to provide high quality and quick responsiveness on assigned projects.

City of Chattanooga

Mayor Andy Berke

September 14, 2016

Mr. Lurone Jennings, Sr.
Administrator
Youth and Family Development
Chattanooga, TN 37402

Subject: Emergency Roof Repair Design - West 12th Street YFD Center – 142586

Dear Mr. Jennings:

It was necessary to initiate this emergency roof repair design for structure located at 501 West 12th Street. Repair of the leaking roof will protect the existing facility from further damage as well as the health and safety of the staff and public. Public Works Engineering reached out to Integrated Structural Services, Inc., a reputable local company the City has used in the past to perform similar services and were pleased with their ability to provide design, construction administrative with high quality and quick response. The design for roof repair at West 12th Street will be in the amount of \$40,000.00. We have attached a requisition and a memorandum from the department describing the circumstances of the emergency, as well as the agreement contract between Integrated Structural Services, Inc. and City of Chattanooga's Public Works Engineering Department on behalf of Youth and Family Development.

In my opinion, this emergency roof repair design was justified and the City's best interest was served by the decision.

Sincerely,

Emergency roof repair design
approved and should be entered
in the minutes of the City Council
as stipulated by Ordinance 5608,
Section 3.

Bonnie Woodard
Purchasing Director

Lurone Jennings, Sr.
Administrator

City of Chattanooga
MAYOR ANDY BERKE

MEMORANDUM

Date: August 3, 2016

To: Lurone Jennings, Administrator Youth and Family Development

From: Dennis Malone, Assistant City Engineer *DM*

CC: Debbie Talley, Deputy Director Purchasing

Re: Emergency Contract No. Y-16-003-101 –
Design of Roof Repair for West 12th Street YFD Center

Due to the urgency to repair the leaking roof so as to protect the existing facility from further damage as well as the health and safety of the staff and public, it is recommended by Public Works Engineering (PW-ENG) that the roof repair be deemed an Emergency Repair.

Because of this issue, PW-ENG has reached out to Integrated Structural Services, Inc. a local reputable company that we have utilized in the past to perform services in this category and have been very well pleased with their ability to provide these Design, Bid/Award, Construction Administrative and Resident Project Representative Services with high quality and quick response.

Attached is the agreement contract with Integrated Structural Services, Inc. for the design of the roof repairs at the West 12th Street YFD Center that PW-ENG has negotiated the agreement on behalf of YFD.

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03
Rev. 03-03-11

THIS AGREEMENT, is between the City of Chattanooga, Tennessee, a municipal corporation in the state of Tennessee, hereinafter called Owner, and Integrated Structural Services, Inc., hereinafter called Engineer.

The Owner wishes to employ the Engineer to perform professional engineering services for

Contract No. Y-16-003-101
Design of Roof Repair
for
West 12th Street FYD Center
City of Chattanooga, Tennessee

hereinafter called Project.

In consideration of the provisions contained in this Agreement, the Owner and Engineer agree to the following:

1. **EFFECTIVE DATE**
The effective date of this Agreement shall be August 1, 2016.
2. **GOVERNING LAW**
This Agreement shall be governed by the laws of the State of Tennessee and the codes of the City of Chattanooga.
3. **SERVICES TO BE PERFORMED BY ENGINEER**
Engineer shall perform the Services described in Attachment A, Scope of Services, in accordance with applicable sections of the City of Chattanooga Design and Construction Standards in effect on the date of this agreement.
4. **COMPENSATION**
Owner shall pay Engineer in accordance with the Attachment B, Compensation.
5. **OWNER'S RESPONSIBILITIES**
Owner shall be responsible for all matters described in Attachment C, Owner's Responsibilities.
6. **SUPPLEMENTAL AGREEMENTS**
The provisions set forth in Attachment D, Supplemental Agreements, shall be incorporated into this Agreement
7. **PROJECT SCHEDULE**
The provisions set forth in the Attachment E, Project Schedule, shall be incorporated into this Agreement.
8. **RATE SCHEDULE**
The Engineer shall provide a schedule of standard hourly rates for all employees to be used in the performance of all contracts with a cost-not-to-exceed basis. This schedule shall be incorporated into the agreement as Attachment F.
9. **INVOICING**
The Engineer will use the format established in Attachment G, Standard Invoice, for all invoices submitted for services on the Project.
10. **STANDARD OF CARE**
Engineer shall exercise the same degree of care, skill, and diligence in the performance of Services as is ordinarily possessed and exercised by a professional engineer under similar circumstances in the same area of practice. Engineer makes no warranty or guarantee, either expressed or implied, as part of this agreement.
11. **INDEMNIFICATION**
Engineer hereby agrees to fully indemnify and hold harmless Owner and any of its departments, divisions, agencies,

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03
Rev. 03-03-11

officers, employees and elected officials from all loss, damage, cost, or expenses specifically including attorneys' fees and other expenses of litigation incurred by or on behalf of the Owner and any of its officers, employees or elected officials arising out of Engineer's actual negligent performance of Services under this Agreement, including errors or omissions.

Owner hereby agrees to fully indemnify and hold harmless Engineer and any of its officers, employees, or designated agents from all loss, damage, cost, or expenses specifically including attorneys' fees and other expenses of litigation incurred by or on behalf of the Engineer and any of its officers, employees or designated agents arising out of Owner's negligence to the extent provided by the Tennessee Governmental Tort Liability Act, T.C.A. 29-20-201 et seq.

12. INSURANCE

Engineer shall purchase and maintain during the life of this Agreement, insurance coverage which will satisfactorily insure him against claims and liabilities which arise because of the execution of this Agreement, with the minimum insurance coverages as follows:

- a. Commercial General Liability Insurance, with a limit of \$1,000,000 for each occurrence and \$2,000,000 in the general aggregate.
- b. Automobile Liability Insurance, with a limit of \$1,000,000 for each accident, combined single limit for bodily injury and property damage.
- c. Worker's Compensation Insurance and Employer's Liability Insurance, in accordance with statutory requirements, with a limit of \$500,000 for each accident.
- d. Professional Liability Insurance, with a limit of \$1,000,000 for each claim and aggregate.

Prior to issuance of the Notice to Proceed by Owner, Engineer shall have on file with Owner certificates of insurance acceptable to Owner. Said certificates of insurance shall be filed with Owner in January of each year or may be submitted with each agreement. Upon completion of all Services, obligations, and duties provided for in this Agreement, or if this Agreement is terminated for any reason, the terms and conditions of this section shall survive.

Notwithstanding any other provision of the Agreement, Owner waives any claim against Engineer and, to the maximum extent permitted by law, agrees to defend, indemnify, and hold Engineer harmless from any claim, liability, and/or defense costs for injury or loss arising from Engineer's discovery of unanticipated hazardous materials or suspected hazardous materials, including, but not limited to, any costs created by delay of the project and any cost associated with possible reduction of the property value.

13. LIMITATIONS OF RESPONSIBILITY

Engineer shall not be responsible for: (1) construction means, methods, techniques, sequences, procedures, or safety precautions and programs in connection with the Project, (2) the failure of any contractor, subcontractor, vendor, or other Project participant, not under contract to Engineer, to fulfill contractual responsibilities to the Owner or to comply with federal, state or local laws, regulations, and codes; or (3) procuring permits, certificates, and licenses required for any construction unless such responsibilities are specifically assigned to Engineer in Attachment A, Scope of Services.

14. OPINIONS OF COST AND SCHEDULE

Since Engineer has no control over the cost of labor, materials, or equipment furnished by others, or over the resources provided by others to meet Project construction schedules, Engineer's opinion of probable construction costs and of construction schedules shall be made on the basis of experience and qualifications as a professional engineer. Engineer does not guarantee that costs will not vary from Engineer's cost estimates or that actual construction schedules will not vary from Engineer's projected schedules.

15. REUSE OF DOCUMENTS

All documents, including, but not limited to calculations, drawings, specifications, and computer software prepared by Engineer pursuant to the Agreement are instruments of service in respect to the Project. They are not intended or represented to be suitable for reuse by Owner or others on extensions of the Project or on any other project. Any reuse without prior written verification or adaptation by Engineer for the specific purpose intended will be at Owner's sole risk and without liability or legal exposure to Engineer. Any verification or adaptation requested by Owner shall entitle Engineer to compensation at rates to be agreed upon by Owner and Engineer.

16. OWNERSHIP OF DOCUMENTS AND INTELLECTUAL PROPERTY

Except as otherwise provided herein, engineering documents, calculations, drawings, specifications, and other documents prepared by Engineer as part of the Services shall become and be the sole property of Owner. However, both Owner and Engineer shall have the unrestricted right to their use. Engineer shall retain its rights in its standard drawing details, specifications, databases, computer software, and other proprietary property protected under the copyright laws of the United States. Rights to intellectual property developed, utilized, or modified in the performance of services shall remain the property of Engineer.

17. RECORDS RETENTION AND AUDIT PROVISION

The term "Engineer" is used interchangeably to describe signatories to contracts, grants, and agreements with the City and applies to reflect the relationship with the City (Engineer, Contractor, Licensee, Supplier, Vendor, Consultant, Grant Recipient, etc.).

- a. All records relating in any manner whatsoever to the Project, or any designated portion thereof, which are in the possession of the Engineer or the Engineer's consultants, shall be made available for inspection and copying upon written request to the Owner. Additionally, said records shall be made available, upon request by the Owner, to any state, federal or other regulatory authorities and any such authority may review, inspect and copy such records. Said records include, but are not limited to, all plans, specifications, submittals, correspondence, minutes, memoranda, tape recordings, videos, or other writings or things which document the Project, its design and its construction. Said records expressly include those documents reflecting the time expended by the Engineer and its personnel to perform the obligations of this Agreement and the records of expenses incurred by the Engineer in its performance under said Agreement. The Engineer shall maintain and protect these records for no less than seven (7) years after the completion of the Project, or for any longer period of time as may be required by applicable law, good engineering practice, and upon notice during the pendency of any claims or litigation arising from the Project.
- b. The Owner or its assign may audit all financial and related records (including digital) associated with the terms of the contract or agreement including timesheets, reimbursable out of pocket expenses, materials, goods, and equipment claimed by the Engineer. The Owner may further audit any of Engineer's records to conduct performance audits (to identify waste and abuse or to determine efficiency and effectiveness of the contract or agreement) or to identify conflicts of interest.
- c. The Engineer shall at all times during the term of the contract or agreement and for a period of seven years after the end of the contract, keep and maintain records of the work performed pursuant to this Contract or Agreement. This shall include proper records of quotations, contracts, correspondence, invoices, vouchers, timesheets, and other documents that support actions taken by the Engineer. Documents shall be maintained by the Engineer, which are necessary to clearly reflect all work and actions taken. All such records shall be maintained in accordance with generally accepted accounting principles. The Engineer shall at its own expense make such records available for inspection and audit (including copies and extracts of records as required) by the Owner at all reasonable times and without prior notice.
- d. The obligations of this Section shall be explicitly included in any subcontracts or agreements formed between the Engineer and any subcontractors or suppliers of goods or services to the extent that those subcontracts or

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03
Rev. 03-03-11

agreements relate to fulfillment of the Engineer's obligations to the Owner.

- e. Costs of any audits conducted under the authority of this section and not addressed elsewhere will be borne by the Owner unless the audit identifies significant findings that would benefit the Owner. The Engineer shall reimburse the Owner for the total costs of an audit that identifies significant findings that would benefit the Owner.
- f. This Section shall not be construed to limit, revoke, or abridge any other rights, powers, or obligations relating to audit which the Owner may have by Federal, State, or Municipal law, whether those rights, powers, or obligations are express or implied.

18. TERMINATION

This Agreement may be terminated by either party upon written notice in the event of substantial failure by the other party to perform in accordance with the terms of this Agreement. The nonperforming party shall have fifteen calendar days from the date of the termination notice to cure or to submit a plan for cure acceptable to the other party. Owner may terminate or suspend performance of this Agreement for Owner's convenience upon written notice to Engineer. If termination or suspension is for Owner's convenience, Owner shall pay Engineer for all Services performed prior to the date of the termination notice. Upon restart, an adjustment acceptable to Owner and Engineer shall be made to Engineer's compensation.

19. DELAY IN PERFORMANCE

Neither Owner nor Engineer shall be considered in default of the Agreement for delays in performance caused by circumstances beyond the reasonable control of the nonconforming party. For purposes of this Agreement, such circumstances include abnormal weather conditions; floods; earthquakes; fire; epidemics; war, riots, or other civil disturbances; sabotage; judicial restraint; discovery of unanticipated hazardous wastes; and inability to procure permits, licenses, or authorizations from any local, state, or federal agency for any of the supplies, materials, accesses, or services required to be provided by either Owner or Engineer under this Agreement. Should such circumstances occur, the nonconforming party shall, within a reasonable time of being prevented from performing, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of the Agreement. If the Engineer is delayed in the performance of the services for more than 365 calendar days, either by the Owner or circumstances beyond his control, an equitable adjustment to the contract amount can be made to compensate for additional costs incurred.

For delays in performance by Engineer, as set forth in Attachment E, Project Schedule, caused by circumstances which are within its control, such delays shall be documented on the Engineer's Project Performance Evaluation form. Said form shall be completed at the conclusion of Project and acknowledged by both Owner and Engineer. Completed form shall be retained by Owner for a period of seven years and reviewed prior to consultant selection for City projects. In the event Engineer is delayed in the performance of Services because of delays caused by Owner, Engineer shall have no claim against Owner for damages or contract adjustment other than an extension of time.

20. HAZARDOUS MATERIALS

Hazardous materials may exist at a site where there is no reason to believe they could or should be present. The Owner and Engineer agree that the discovery of unanticipated hazardous materials constitutes a changed condition mandating a renegotiation of the scope of work or termination of services. Owner and Engineer also agree that the discovery of unanticipated hazardous materials may make it necessary for the Engineer to take immediate measures to protect health and safety. Owner agrees to compensate Engineer for any equipment decontamination or other costs incident to the discovery of unanticipated hazardous materials.

Engineer agrees to notify Owner when unanticipated hazardous materials or suspected hazardous materials are encountered. Owner agrees to make any disclosures required by law to the appropriate governing agencies, and agrees to hold Engineer harmless for any and all consequences of disclosures made by Engineer which are required

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03

by governing law. In the event the project site is not owned by Owner, the Owner agrees to inform the property owner of the discovery of unanticipated hazardous materials or suspected hazardous materials.

21. COMMUNICATIONS

Any communication required by this Agreement shall be made in writing to the address specified below:

Engineer: Steven R. Sandidge, P.E.
Integrated Structural Services, Inc.
40 Stagecoach Road
Ringgold, GA 30736
Phone: 423-991-1474
Fax:
Email: s.sandidge@issiga.com
Email 2: company@issiga.com

Owner: City of Chattanooga
Department of Public Works
Engineering Division
Suite 2100, Development Resource Center
1250 Market Street
Chattanooga, TN 37402
(423) 643-6033

Nothing contained in the Article shall be construed to restrict the transmission of routine communications between representatives of Engineer and Owner.

22. WAIVER

A waiver by either Owner or Engineer of any breach of this Agreement shall be in writing. Such a waiver shall not affect the waiving party's rights with respect to any other or further breach.

23. DISPUTE RESOLUTION

Claims, disputes or other matters in question between the parties to this Agreement arising out of or relating to this Agreement or breach thereof shall be subject to mediation in Chattanooga, Tennessee, in accordance with the following provisions:

- a. The mediation shall be conducted by a mediator mutually acceptable to both parties.
- b. The parties agree to share equally in the expenses of mediations.
- c. Such mediation may include the Engineer or any other person or entity who may be affected by the subject matter of the dispute.
- d. Unless the parties agree otherwise, mediation shall be a condition precedent to the exercise of any legal remedy other than a proceeding seeking an immediate injunction or restraining order to protect the rights of a party pending litigation. Notwithstanding the issuance of an injunction or restraining order or the refusal of a court to issue such an order, the dispute shall continue to be subject to mediation.

24. SEVERABILITY

The invalidity, illegality, or unenforceability of any provision of this Agreement or the occurrence of any event rendering any portion or provision of this Agreement void shall in no way affect the validity or enforceability of any other portion or provision of this Agreement. Any void provision shall be deemed severed from this Agreement, and the balance of this Agreement shall be construed and enforced as if this Agreement did not contain the particular

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03
Rev. 03-03-11

portion or provision held to be void. The parties further agree to amend this Agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this Article shall not prevent this entire Agreement from being void should a provision which is of the essence of this Agreement be determined void.

25. INTEGRATION

This Agreement represents the entire and integrated agreement between Owner and Engineer. All prior and contemporaneous communications, representations, and agreements by Engineer, whether oral or written, relating to the subject matter of this Agreement, as set forth in Attachment D, Supplemental Agreements, are hereby incorporated into and shall become a part of this Agreement

26. SUCCESSORS AND ASSIGNS

Owner and Engineer each binds itself and its directors, officers, partners, successors, executors, administrators, assigns, and legal representatives to the other party of this Agreement and to the directors, officers, partners, successors, executors, administrators, assigns, and legal representatives of such other party in respect to all provisions of this Agreement.

27. ASSIGNMENT

Neither Owner nor Engineer shall assign any rights or duties under this Agreement without the prior written consent of the other party. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement. Nothing contained in this Article shall prevent Engineer from employing independent consultants, associates, and subcontractors to assist in the performance of the Services; however, other agreements to the contrary notwithstanding, in the event Engineer employs independent consultants, associates, and subcontractors to assist in performance of the Services, Engineer shall be solely responsible for the negligent performance of the independent consultants, associates, and subcontractors so employed.

28. THIRD PARTY RIGHTS

Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than Owner and Engineer.

29. RELATIONSHIP OF PARTIES

Nothing contained herein shall be construed to hold or to make the Owner a partner, joint venturer, or associate of Engineer, nor shall either party be deemed the agent of the other, it being expressly understood and agreed that the relationship between the parties is and shall at all times remain contractual as provided by the terms and conditions of this Agreement.

30. NON-DISCLOSURE

Engineer agrees not to disclose or to permit disclosure of any information designated by the Owner as confidential, except to the engineer's employees and subcontractors who require such information to perform the services specified in this agreement.

31. NON-DISCRIMINATION

Engineer agrees to comply with all federal, state, and local non-discrimination laws and regulations. Engineer agrees not to discriminate against any participant in this Agreement on the basis of race, color, religion, sex, age or national origin. Engineer further agrees to comply with all federal, state and local laws regarding treatment and accommodations for individuals with disabilities.

32. DRUG FREE WORKFORCE

Engineer certifies that it will provide a drug-free workplace and agrees to comply with the applicable requirements of the Drug-Free Workplace Act of 1988.

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

CITY OF CHATTANOOGA
STANDARD AGREEMENT FOR ENGINEERING SERVICES

SOP 2003-9
Date of Issue 10-16-03
Rev. 03-03-11

ATTACHMENT A

Owner: City of Chattanooga, Tennessee
Engineer: Integrated Structural Services, Inc. (ISS)
Project Number & Name: Contract No. Y-16-003-101
West 12th Street FYD Center, City of Chattanooga, TN

SCOPE OF SERVICES

1. BASIC SERVICES

The project is specifically defined as: Design of Roof Repair

The Engineer agrees to provide the following services:

Design of Repair of Roof consisting of the following items:

- a. Engineering Services**
 - i. Engineer Sealed Project Plans and Specifications.
 - ii. Pre-Bid Meetings.
 - iii. Bid Preparation and Evaluation.
 - iv. Submittal Review and Approval.
 - v. Pay Request Review and Approval.
 - vi. Change Order Review and Approval.
- b. Resident Project Representative (RPR) Services**
 - i. Progress meetings
 - ii. In-progress site visits.
 - iii. Written Reports for progress meetings and site visits.

c. See Attachment H for Detailed Scope

2. SUPPLEMENTAL SERVICES

Any work requested by the Owner that is not included in the Basic Services will be classified as Supplemental Services. Supplemental Services shall include, but are not limited to the following:

3. REIMBURSABLE EXPENSES:

Project specific reimbursable expenses and charges shall include the following:

ATTACHMENT B

Owner: City of Chattanooga, Tennessee

Engineer: Integrated Structural Services, Inc.
Project Number & Name: Contract No Y-16-003-101
West 12th Street FYD Center, City of Chattanooga, TN

COMPENSATION

For the services covered by this Agreement, the Owner agrees to pay the Engineer as follows:

1. For the Basic Services described in Attachment A, \$40,000.00. Payments shall be made monthly in amounts which are consistent with the amount of engineering services provided, as determined by the Engineer.

a. Engineering Services	Professional Fee - \$26,900.00
b. Resident Project Representative (RPR) Services	Professional Fee - \$8,100.00
c. Supplemental Services	Professional Fee - \$5000.00

2. Compensation for Supplemental Services shall be made as defined below, when authorized in writing by the Owner. The maximum limit for each item of additional service shall be established individually and specifically agreed to by the Owner as stated below, unless the service is included in a subsequent agreement.

Payment on a Time and materials basis, with a not-to-exceed limit, as negotiated and approved in writing by the City of Chattanooga Department of Public Works, Engineering Division.

3. Hourly rates for each classification as defined by the Engineer's rate schedule, see Attachment F. Overtime, when authorized by the Owner, will be billed at 1.5 times the rates listed (non-engineer time only).

4. Reimbursable charges will be considered the amount of actual costs of project related expenses or charges times a markup of 16%. Charges for use of computer equipment or software, local travel, local telephone, project photographs, miscellaneous supplies, and reproduction are not considered reimbursable charges. Allowable project-specific reimbursable expenses shall be outlined in Attachment A.

5. The entire amount of each statement shall be due and payable 30 days after receipt by the Owner.

6. The Engineer shall keep records on the basis of generally accepted accounting practice of costs and expenses which records shall be available for inspection at all reasonable times.

7. Invoices shall be submitted using the Standard Invoice form, Attachment G.

ATTACHMENT C

OWNER'S RESPONSIBILITIES

The Owner will furnish, as required by the work and not at the expense of the Engineer, the following:

1. Make available to the Engineer the current City of Chattanooga Design and Construction Standards, all records, reports, maps, and other data pertinent to provision of the services required under this contract.
2. Examine all plans, specifications and other documents submitted by the Engineer and render decisions promptly to prevent delay to the Engineer.
3. Designate one City of Chattanooga employee as the Owner representative with respect to all services to be rendered under this agreement. This individual shall have the authority to transmit instructions, receive information and to interpret and define the Owner's policies and decisions pertinent to the Engineer's services.
4. Issue Notice(s) to proceed to the Engineer for each phase of the design services.
5. Owner will grant or obtain free access to the project site for all equipment and personnel necessary for the Engineer to perform the work set forth in this Agreement. Owner will notify any and all possessors of the project site that Engineer has been granted free access to the site. Engineer will take reasonable precautions to minimize damage to the site.
6. Owner will acquire all lands, rights-of-way, and easements necessary for the construction of the project.
7. Owner will make a reasonable effort to evaluate if hazardous materials are on or near the project site, and will inform Engineer of findings relative to the possible presence of such materials.

PROJECT SCHEDULE

Owner and Engineer recognize that time is of the essence of the Agreement and that Owner will suffer financial loss if the work is not completed within the times stipulated herein, plus any extensions thereof. Accordingly, Engineer has established time intervals, in calendar days, for submittals at various stages of the project as detailed below. As each actual submittal date occurs, Engineer shall meet with Owner to discuss the progress of the work and the actual submittal date shall be documented. If project is behind schedule, the reason shall be recorded. Engineer shall not be responsible for the time required by Owner's representative to review Engineer's submittal. When review is complete, Owner shall, in writing, authorize Engineer to proceed to the next submittal date. After final submittal date, Engineer and Owner shall meet to evaluate Engineer's performance with regard to design schedule. An Engineer's Project Performance Evaluation form shall be completed and acknowledged by both Owner and Engineer. Completed form shall be retained by Owner for a period of seven years and revised prior to consultant selection for City projects. Past performance shall be accounted for on the evaluation sheet used to rank consultants during the interview process.

Schedule: Engineer will make plan submittals to Owner based on the following schedule:

1. Concept Drawings - Engineer will submit concept drawings within 21 calendar days after Notice to Proceed by Owner.
2. Field Check - Engineer will submit field check drawings within 28 calendar days after Notice to Proceed by Owner.
3. Right-of-Way Drawings - Engineer will submit right-of-way drawings within N/A calendar days after the Notice to Resume Work is given by Owner following Field Check.
4. Office Check - Engineer will submit office check drawings and specifications within 14 calendar days after the Notice to Resume Work is given by Owner following Field Check.
5. Bid Documents - Engineer will submit bid documents within 49 calendar days after the Notice to Resume Work is given by Owner following Office Check.
6. Bid / Award Services – 60 calendar days
7. Construction Administration Services and/or CEI – calendar days, as defined per construction bid documents (i.e. the length of the construction contract).
8. It is understood and agreed that the Engineer shall start the performance of Services within 10 days of receipt of a written Notice to Proceed and shall complete the work in accordance with the contract times set forth herein.

Administration Staff - \$45 per hour

Mileage rate -\$0.545 per mile.

ATTACHMENT H

DETAILED SCOPE:

The scope of this option consists of application of a new roofing cover over the existing roofing consisting of a cover board mechanically fastened through the existing roofing system and protected with a 45 mil membrane

Assessment Phase - Existing Systems:

- Inspection and assessment of existing Roofing System.
- Inspection and assessment of existing Roof Drainage System.
- Assessment of need for an upgrade to the Roof Drainage System (as determined by the Architect/Engineer).
- Inspection and assessment of the existing HVAC water related infiltration from the rooftop units
- Assessment of HVAC water infiltration.

Design Phase:

- Prepare Working Drawings as follows:
 1. Architectural Roof Plan. Inclusive of evaluating the structural adequacy of the existing roof structure.
 2. Supports for roof run pipes and conduits.
 3. Architectural Conceptual Details: Basic Roofing Configuration, Scupper flashing, Parapet flashing, Parapet metal cap flashing, Walk pads, Pavers, and HVAC Units flashing.

Bid / Award Phase:

- Prepare Bid documents and evaluate bids with and under the guidance of City of Chattanooga Public Works Engineering Staff.
- Purchasing Support – ISS will assist the City with the bidding process to include pre-bid meetings and responding to contractor questions.
- Bid Review- ISS will assist the City with bid review and award to included attending the bid opening, performing bid reviews, and making recommendations for contractor selection.

Construction Phase:

- Construction Administration - ISS will perform normal construction administration duties including submittal reviews, pay application reviews, and as-needed consultation throughout the project. ISS will process Change Orders, if necessary. ISS will conduct a pre-construction conference with the selected contractor and City personnel.
- Construction Quality Assurance - ISS will provide on-site observations throughout construction phase, as needed, to assure conformance to drawings and specifications. ISS will attend weekly progress meetings with the contractor and with City personnel to review the status of the project, discuss any problems that have been identified, and either agree upon solutions to those problems or assign someone to resolve the problem. Upon project completion, ISS will conduct a final review of the finished work.

Mr. Cary Bohannon
Director of General Services
General Services Department
274 East 10th Street
Chattanooga, TN 37402

Subject: Requisition No. 142816 – Elgin Eagle Dual Street Sweepers (2) – Fleet Management – General Services Department

Dear Mr. Bohannon:

Council approval is recommended to issue a purchase order for the purchase of two (2) Elgin Eagle Dual Street Sweepers as needed by City Wide Services of the Public Work Department. Fleet Management will be purchasing the Street Sweepers for City Wide Services.

This purchase is from Sansom Equipment Company using NJPA Contract No. 02214-FSC. The cost is \$261,814.00 each for a total of \$523,628.00. TCA 6-56-304.6 allows for this single source purchase exempted from the usual advertising and bidding procedures.

I recommend approval of this purchase to Sansom Equipment Company as being in the best interest of the City of Chattanooga.

Respectfully yours,

Bonnie Woodward
Director of Purchasing

Contract#: 022014-FSC
Category: Public Utility & Airport Equipment
Description: Street Sweepers
Maturity Date: 03/18/2018

Elgin Sweeper, located in Elgin, IL, is the leading manufacturer of street sweepers for municipal, contractor, airport, highway and industrial sweeping. Elgin has been designing and manufacturing quality sweeping products for nearly 100 years. We offer the broadest selection of sweepers including all variations of sweeping technology – mechanical, vacuum, regenerative air and now mechanical with vacuum assist for waterless dust suppression. Other new technologies such as PM-10 compliance, alternative fuel driven, and noise reduction are also available in select sweeper models. Street sweeping is a BMP that's recognized by the EPA for Stormwater remediation purposes.

FORM D

Formal Offering of Proposal
(To be completed Only by Proposer)

SEWER VACUUM, HYDRO-EXCAVATION, AND/OR STREET SWEEPER EQUIPMENT WITH RELATED ACCESSORIES AND SUPPLIES.

City of Chattanooga

Mayor Andy Berke

September 14, 2016

Mr. Justin Holland, Administrator
Public Works Department
Development Resource Center
1250 Market Street – Suite 2100
Chattanooga, TN 37402

Subject: 140545 – Three (3) Fairbanks Morse Replacement Pumps – Waste Resources Division – Public Works Department

Dear Mr. Holland:

Council approval is recommended for the purchase of three (3) Fairbanks Morse pumps for the Waste Resources Division (WRD) of the Public Works Department. These pumps will be replacements for three (3) identical old pumps at the Moccasin Bend Wastewater Treatment Plant.

This sole source purchase from Guthrie Sales & Service will be in the amount of \$91,245. Public Works recommends replacing the old pumps with identical pumps for three reasons: (1) three new motors are already in stock to fit this specific pump model, (2) to avoid the cost of piping and foundation modifications to install a different brand pump, and (2) to allow use of one of the old motors as a spare for the new pumps, after refurbishment. Guthrie Sales & Service is the exclusive municipal distributor for Fairbanks Morse Pumps in Tennessee. A written quotation from Guthrie Sales & Service is attached.

TCA 6-56-304.2 allows for this single source purchase exempted from the usual advertising and bidding procedures.

I recommend awarding this contract to Guthrie Sales and Service in the amount of \$91,245.

Respectfully,

Bonnie Woodward
Director of Purchasing

City of Chattanooga
Mayor Andy Berke

August 16, 2016

Ms. Bonnie Woodward
Director of Purchasing
City of Chattanooga
100 East 11th Street
Chattanooga, TN 37402

Subject: Division of Waste Resources (WRD) request for sole source purchase

Dear Ms. Woodward:

WRD needs to replace three Fairbanks Morse pumps in the Plant Water System. We are requesting the replacements be the same make and model as current pumps. A direct replacement would mean existing piping and pump supports would not need to be altered. The old pump deemed to be in the best condition could be refurbished and kept as a spare for use in the case of multiple pump failures.

WRD requests this order be placed with Guthrie Sales, Fairbanks Morse distributor for our area, as the sole source vendor. We request the formal bid process to prove sole source be waived because all other distributors respect Guthrie's territory and will not quote these items.

In my opinion, the City's best interest is served by the purchase of same make and model Fairbanks Morse pumps from Guthrie Sales at a total cost of \$91,245.00.

Sincerely,

Justin Holland, Administrator
Department of Public Works

Good Morning,

We are going to go forward with your requested basis, for this purchase. Please describe the extensiveness of potential alterations, in future letters, and this will cut down on potential ambiguity.

Thanks, and have a great week,
Bonnie

Bonnie;

I requested additional supporting documentation from our operations.

Please see the summary below in regard to the need for a sole source purchase of the Fairbanks Morse Pump. We feel this direct replacement will save time and money during installation in this particular case. I support the decision for sole source and unless you feel strongly otherwise, request this purchase to proceed.

Let me know if you have any questions, need any additional information, or need to discuss other options after your review.

Thanks, Justin

We have three new motors that will fit these new pumps that we have ordered. In addition we will be able to use one of the old motors as a spare motor. The pumps we have ordered are a direct replacement and can be installed by easily without any piping modifications. Purchasing any other brand of pump would require some and possibly significant piping modifications be made. We would also have three new motors plus a spare that we would probably not be able to use and additionally have to purchase three more. I understand everyone thinks that a motor is a motor and a pump is a pump but it just does not work that way. The last "substitution" we received was on our South Chickamauga motor and yes and does work. But it the wiring on it is completely different then the others. So we had to modify the location it was installed and now when it is moved to any other location that location will have to be modified and the location it came from will have to be modified back to fit the other pumps. This probably cost \$800-\$1000 every time this has to occur from now on because someone found the "same" motor cheaper. When it really does not matter we strive for competition. In reality, quite often it does matter a lot of the time to us.

Afternoon Justin,

Thank you for your attached letter and your patience.

After review, it appears as though seeking the Fairbanks Morse model of pumps may be causing a perpetual sole source restriction on the ability to compete the pumps, when other options are available.

I recognize and respect the value that you place on refurbishing the old pumps, and not having to modify the supports. However, our duty to compete general pump availability and potential cost savings appear to counteract it.

I welcome any questions you may have.

Thanks,
Bonnie

Mr. Justin Holland, Administrator
Public Works Department
Development Resource Center
1250 Market Street, Suite 2100
Chattanooga, TN 37402

Subject: Requisition No. 142366 – Track Hoes for Sewer Maintenance (3) – Waste Resources Division – Public Work Department

Dear Mr. Holland:

Council approval is recommended to issue a purchase order for the purchase of three (3) Track Hoes for Sewer Maintenance as needs by Waste Resources Division of the Public Work Department.

This purchase is from Stowers Machinery Corporation using State of Tennessee contract number SWC220-48446, Item No. 1000156097 Excavator (Track and Rubber Tire) – Heavy Equipment in the amount of \$361,327.95. TCA 6-56-304.6 allows for this single source purchase exempted from the usual advertising and bidding procedures.

I recommend approval of this purchase to Stowers Machinery Corporation based on the lowest bid meeting the specifications for the City of Chattanooga.

Respectfully yours,

Bonnie Woodward
Director of Purchasing
