## YOUTH RAP SESSION WITH CITY OFFICIALS

Councilman Hakeem made reference to the youth rap session at Olivet Baptist Church that was held on Monday evening. He stated the Mayor and Council Chairman were very instrumental in participating on the program and more than 2,000 persons were in attendance. He stated the session was a success and that the youth had an opportunity to talk with elected officials and others in an effort to "connect". He stated more opportunities for young people should be held for them to voice their interests, concerns and desires to those (of us) in politics. He stated it was a total success with a wonderful program and that it could not have been held at a better place than inside a church, expressing that Olivet did it "first class"!

Chairman Franklin congratulated Councilman Hakeem for the "trial sermon" he gave at the session while also agreeing more than 2,000 children were in attendance supported by their parents. He stated the youth had an opportunity to express themselves, as well as get support from those on the panel, the minister and the officials present.

## BOBBIE BRYANT

Bobbie Bryant distributed information regarding a list of issues involving her father's treatment at the Life Care Center of Chattanooga. She stated she was looking for answers and needs help, as the items listed on the document were very serious. She asked Council members what they would do if their father was being held as a political prisoner in Hamilton County and his property stolen. She stated she does not intend to go to Life Care to be abused and would not continue to let them abuse her father, as he has a home and she intends to take him home; that her health and other family members' health has suffered. She stated that she noticed how Councilman Hakeem reacted to something that was said to him in a Council meeting, noting that she and her family have been harassed and violated by people including Judge Frank Brown and Lynne Dechman. She referenced that she had evidence that her father's hearing aids had been stolen and noted that they "turned up" at Life Care. She stated she could not get anyone to investigate these people to make them accountable and indicated that we have a school system that puts up billboards that talk about integrity and honesty. She stated that she wants some assistance and expects to hear from the Council members. She indicated that she lives in Councilman Pierce's district and stated that she wants the police called off her family for ridiculous harassment charges. **(A copy of Ms. Bryant's concerns is filed with minute material of this date.)**

### **BOBBIE BRYANT (Continued)**

Councilman Benson stated that he asked Ms. Bryant for the list. He stated of the fifteen items listed there are only three that might come under the purview of this Council. He asked that the City Attorney have an opportunity to study the matter and advise the Council.

Ms. Bryant stated someone has to "step in" and Council members are elected officials.

Councilman Benson stated that the Council is "stepping in" by asking the City Attorney to study the information to see if the Council has any authority. He asked that the City Attorney be given time to research the matter. He asked City Attorney Nelson if he is agreeable with this. City Attorney Nelson responded "yes".

Councilman Pierce stated that we do have a court system and all the items listed on Ms. Bryant's document are governed under those laws; that basically the courts have not worked for her. He stated the persistent way she has been with the Council is the way she should be with the courts. He stated he does not know why they are holding her father, indicating that there has to be a reason and they have to be acting within the law.

Ms. Bryant stated they are not and the law has not been followed. She stated that she had to research the law; that she could bring person-after-person before this Council to show that the court system does not work; that Council members are elected officials and have an obligation. She stated she has told the Council over-and-over why her father is incarcerated; that the Council could have found out about it for themselves. She stated judgment would come if the Council does not do anything!

Chairman Franklin expressed that the Council is sympathetic to Ms. Bryant's situation and clarified that the matter is not under the Council's purview and cannot assist. He stated the court system is the avenue she should follow. He then acknowledged that she had exceeded the three-minute time limit for speaking.

Ms. Bryant stated that she still expects the Council to take her matter seriously and stated if anything happens to her father she would do her best to make each of the Council members accessories to murder of wrongful death!

Chairman Franklin declared Ms. Bryant out of order!

**BOBBIE BRYANT (Continued)**

Ms. Bryant continued by stating that two people have died since she was before the Council.

Chairman Franklin reminded Ms. Bryant that the City Attorney would research the matter and if there are items where the Council can help they will.

**SISTER BEY**

Sister Bey held up three miniature flags and one was the flag of Liberia. She stated she has written the President and asked the Council to get rid of Admin. Curry because he has not done anything but tear down houses. She stated she has written the Secretary General and is going back to the Security Council. She stated the Council seems to think "her" people have an obligation to them and she is sick of harassment from the police. She stated the house next door to her was to have been fixed up and it has not been and her cars have not been returned. She stated she could care less about the laws the Council makes and that she has the whole U. N. Charter behind her!

**ADJOURNMENT**

Chairman Franklin adjourned the meeting of the Chattanooga Council until Tuesday, July 22, 2003 at 6:00 p.m.
