SPECIAL PRESENTATION: ANIMAL CARE TRUST
(ACT) (Continued)

Mrs. Wilson stated the second reason is that they are ready to kick off their capital campaign on July 28 at the Chattanooga. She stated Mayor Littlefield would be the Honorary Chairman for the event and they were present today to personally invite Council members in the hope they would be able to attend and "talk this up" in their districts. She stated this is an open meeting and they would be delighted to have anybody from the city and surrounding area to attend and hear about the exciting things they will be doing, starting with the ground breaking in December. (At this point Mrs. DeWeese distributed ACT campaign brochures, gifts and invitations to the event.) She again expressed appreciation for all the Council has done for them.

REZONING

2005-033: Chattanooga Neighborhood Enterprise

Councilman Hakeem and Franklin made the initial motion to approve this request on second and final reading.

Mr. Pace, Director of Development Services with the Regional Planning Agency (RPA), stated the request for this tract of land started prior to the new Council coming onboard and is land located in the Southside area that CNE is developing into residential uses. He stated the matter has been tabled three times and there are now questions about the capital budget. He stated it is his belief Councilman Pierce questioned the city's participation in building a road across this property, which would be a public street. He stated he did not know if the matter should be tabled again or not as there is concern about the road and financing of the property.

Councilman Benson stated he does not feel ready to move forward with this until there has been adequate talk and questions answered by CNE officials. He stated the original cost was \$600,000 to the city, then heard it shot up to one million and is now hearing there is uncertainty that it is in the Mayor's capital budget. At this point he **made the motion to table the matter until the capital budget is complete; Councilwoman Rutherford seconded the motion.**

Mr. Pace noted that work has just begun on the capital budget.

He stated he has been getting things together for a grand opening on July 29 and found out the ordinance would not go into effect until August 2. He asked if there is any possibility the Council would have mercy and change that.

REZONING (Continued)

City Attorney Nelson stated that the Council could make it effective immediately but have chosen to delay most ordinances to become effective two weeks from its adoption so that people would be able to make whatever adjustments are necessary and learn of the ordinance; that the same is true of the building inspector's department. He stated this one was to become effective two weeks from and after adoption and the Council can change it to become effective immediately because of the change last year to amend the Charter to make ordinances effective immediately upon adoption.

Councilwoman Rutherford made the motion to approve the ordinance on second reading and make it effective immediately; Councilman Rico seconded the motion.

AUTHORIZATION FOR RPA TO DEVELOP LAND USE/REDEVELOPMENT PLAN FOR THE NORTH SHORE AREA

Chairman Robinson stated that this plan really falls across both districts one and two and will update the North Shore and Hill City Plans approved years ago. She stated the Hill City plan was led under Councilwoman Bennett's leadership with her neighborhood at the time prior to (her) election to the Council. She stated the plan essentially is a comprehensive planning document that will help and guide as we develop further on the north shore, particularly in the area of commercial and residential development, thereby giving "breathing room" for commercial development on Frazier and encouraging that development to move out near Cherokee Boulevard and Manufacturer's Road. She stated the plan is going to be one that citizens of Chattanooga will be invited to participate and develop in much the way as the public art plan several years ago and the Chattanooga Outdoor Plan with that kind of broad public interest and input. She stated they are hoping for a huge turnout when meetings are planned to help plan how our city grows.

Councilwoman Bennett stated that this is an important piece in tying together the community in our plan; that there is much development in the area. She stated there would be a very timely look at the area and an effort to hear what others have to say to put together a very good plan.

On motion of Councilwoman Bennett, seconded by Councilman Franklin,
A RESOLUTION AUTHORIZING THE CHATTANOOGA-HAMILTON COUNTY REGIONAL PLANNING AGENCY TO DEVELOP A LAND USE AND REDEVELOPMENT PLAN FOR THE NORTH SHORE AREA WHICH INCLUDES PARTS OF THE HILL CITY, NORTHSIDE AND NORTH CHATTANOOGA NEIGHBORHOODS AS WELL AS MOCCASIN BEND, STRINGER'S RIDGE AND THE NORTH SHORE COMMERCIAL DISTRICT
