reduce setbacks to position the homes closer to the street. Planning recommended the special exceptions permit. Councilman Henderson asked Mr. Bridger to confirm that a previous map showed 44 lots with two doors each (possible 88 doors) in this area.

On behalf of the Applicant:

- **John Osbeck** (Dayton Blvd.) – He and his partner thanked Councilman Henderson and Mr. Bridger for facilitating the community meeting. He bought a home with the intent of creating a community in a place formerly known for motorcycle gangs and vandalism. There were also evidence of poachers, satanic symbols and ATV tracks in this area prior to their property purchases. They formed Beason View Land Company to beatify the area and. As a result of their cleanup, developers began contacting them. They believe that single-family is best for this area.
- **Donna Shephard** – She is the engineer for the company. She distributed copies of their proposed development plan to the Council. She noted that although 88 doors is an option, they have voluntarily reduced to 51 single-family units and three (3) community lots, which is 10 lots less than what was presented to the Planning Commission. She informed the Council that they have overlaid the road alignment and added duplexes. She also noted that there are two (2) acres on the slope. Their final plan shows hatched areas/greenspace. There were 64 adjacent property owners present at the community meeting, with three (3) of those in support.

On behalf of the Opposition:

- **John Mossier** (Pineville Rd.) – Drainage is an issue on Pineville Road already, with roads washing out. The City has only installed retainer blocks. He believes that 51 units would mean 100 more cars in the area. He believes that something must be done about infrastructure in this area to prevent flooding. He informed the Council that two cars cannot pass one another on the road.
- **Jimmy Mathis** (Beason Dr.) – He does not believe you can stop development. He doesn't want duplexes, but would rather see single-family in this area.

Rebuttal: Ms. Shephard confirmed that this development could take place now as duplexes. She noted that the requirement for duplexes is the same for single-family. She also informed the Council that the Applicant will widen the road and improve the cul de sac for more turnaround space. She responded to questions from Councilman Ledford on the steep slope area, the requirement for fire department access, and stormwater infiltration.

Councilman Henderson asked if improvements to Beason Drive could be added as a condition. Mr. Bridger also requested to submit the revised site plan to the Council Clerk.

Councilman Henderson also questioned Jeremy Swilley, construction program supervisor at LDO, whose inspectors will watch part of the construction, if approved. He informed the Council on the process to ensure that the stormwater situation is not worst due to this development. Councilman Henderson confirmed with Mr. Swilley that the greenspaces are identifiable and required to be delineated and clearly marked on the site. Mr. Swilley also described the markers that will be placed and discussed the process of a professional being able to find the greenspaces and fence. Ms. Shephard discussed the desire to clear the underbrush and make a trail with a hand tool.

Councilman Henderson He discussed the areas not having not having a neighborhood association and that many property owners in the area do not live there. He discussed the family that is most impacted by the project being in support of it. He also noted mix of those in support and in opposition. **Councilman Henderson moved** to approve with the intent to amend. He was seconded by Councilwoman Berz. The motion carried.

**Councilman Henderson moved** to amend by adding the following conditions:

- Improve Beason Drive along the adjacent property frontage
- The site plan date 12-6-18 with 51 single lots only
- Maintain an undisturbed greenspace as set out in the site plan dated 12-6-18 with construct fence in place before land disturbance.

He was seconded by Councilwoman Berz. The motion carried, with Councilman Mitchell voting "NO." Mr. Bridger requested clarification on the first condition as recommended that the language specify "*along the adjacent property frontage.*" Councilman Henderson confirmed and agreed.

**Councilman Henderson moved** to approve as amended, seconded by Councilwoman Berz. The motion carried, with Councilman Mitchell voting "NO."
