Exhibit A - Scope of Fiscal Year 2023

The Trust for Public Land's mission is to create parks and protect land for people. We are an independent, private, non-profit that is the nation's only nonprofit focused on providing urban parks and connecting people to public space. The Trust for Public Land is a national organization with 50 years of experience in public park planning and development. Since 1993 the Trust for Public Land and the City Chattanooga have enjoyed a rich and robust shared history of impactful partnership, working in services - tandem to create many of the public spaces that define outdoor park and trail experiences in Chattanooga.

The Trust for Public Land (TPL) will provide general support to the Department of Parks and Outdoors ("DPO") through our park planning expertise and our network of park experts, advising on policies, best practices, and various initiatives in park/land management. TPL will serve as a technical resource with regards to finance measures and economic benefit analysis. TPL will help leverage public investment with private sector fundraising, to accomplish the shared objective of public acquisition and protection of parks, trails, and open space property within the City of Chattanooga.

TPL commits to communicating with the City early and often and will adhere to the City's guidelines for park development and land evaluation on shared priorities. In some cases TPL and the City will share roles and responsibilities for projects and programs covered in this Scope. To guide that collaboration, this scope agreement hereby establishes the City as the public-facing lead for city-funded and/or programmed initiatives and TPL as the public-facing lead for TPL-funded and/or programmed initiatives. Those roles and relationships can vary, based on mutual agreement of the TPL Tennessee State Office and the City Department of Parks and Outdoors, on a case-by-case basis.

The following list reflects the mutual priorities of TPL and the City and addresses how the two organizations will work together. These priorities have been identified in the City's 5-Year Capital Improvement Program and TPL's Chattanooga Parks for People Five-Year Vision. Throughout the year, there will be collaboration between TPL and DPO to confirm these priorities, add priorities or change priorities due to unforeseen circumstances. Through this scope of services, we intend to provide the City of Chattanooga recommendations and advice necessary to continue building a robust and connected park and greenway system. The following services align with TPL's national initiatives to protect and create lands, trails, parks, and schoolyards. More specifically, TPL will:

Parks

- Complete the Ridgedale Park conversion. Communicate with TDEC/NPS, prepare conversion documents, present to stakeholders, and complete community engagement and concept development
- Build on the 2020 "Priority Locations for New Parks" report for impact areas and incorporate into the Parks and Outdoors Plan
- Provide geospatial technical assistance to support parks planning and operations including maintenance and updates to the Healthy Connected Chattanooga mapping platform.

- Assist the City with structure and organization for enhancing resident participation in park development and ongoing programming and operation as consistent with Chattanooga's commitment to the 10-minute walk campaign.

Lands

- Continue to pursue acquisitions to extend the greenway from Southside Community Park to Crabtree Farms
- Continue to pursue acquisition to create a canoe launch on South Chickamauga Creek
- As land acquisition needs and opportunities arise that align with the City's strategic land protection goals, TPL may initiate landowner negotiations with a nonbinding letter of intent. Before executing a contract TPL will secure authorization from DPO, City Legal staff, and the Chattanooga City Council.

Trails

- Support new neighborhood connections to Chattanooga trails system, with specific focus on the South Chickamauga Creek greenway at the Brainerd Levee.
- Collaborate with DPO on development of a citywide trail name and brand.
- Engage property owners along potential trail corridors to understand general attitudes, and document responses. Focus or emphasize those trail systems for which there is mutual agreement of priority.

Schoolyards

- Establish a green schoolyard pilot project to increase walking access to a park in Chattanooga. Establish partnership with the Hamilton County Department of Education (the "HCDE") and collaborate with 3 HCDE schools to design schoolyards.

General Support for Public Space in Chattanooga

- Serve on committees and working groups related to parks, greenways, trails, and connectivity as mutually agreed upon by the City and TPL
- Provide support for park, greenway, and trail grant applications
- Support City with Parks and Outdoors Plan ("POP") in mutually agreed-upon role
- As agreed, and subject to change as needed, support POP in the following ways:
 1. Continue active and essential membership on the POP Steering Committee from perspective of community engagement and equity, with technical support as needed.
 2. Maintain presence in Partners Advisory Committee, for technical support on focused/topical workshops or other activities related to the plan;
 3. Act as primary partner with the City on supplemental scopes to be used for enhanced public engagement and outreach activities.
- Continue to coordinate with key City of Chattanooga departments as needed and as issues arise related to parks and greenways
- Continue to coordinate with the Mayor's office and key City departments of Economic Development, Community Development, Transportation and Public Works as needed and as issues arise related to bicycle/pedestrian connectivity, greenways, parks, and other mutually agreed upon goals and initiatives.

- Continue to promote the successes of its partnership with the City nationally and regionally.

The Trust for Public Land will continue to work independently of the City to accomplish the priorities of its national board of directors. TPL may work on those projects independently and will not be part of this contract unless an amendment or a new contract is mutually agreed upon by both parties.
