On the 11th of November 2016 at 0555 Officer Lynch was dispatched to property damage call at the IRS office located at 5740 Uptain Rd.

Upon arrival Police made contact with a Russell Security guard Mr. Richard Grammer. He stated to Police that while he was doing his security checks he noticed that someone had damaged both the side entrance glass doors, but that suspect didn't make entry into the building. He stated he performed his last security checks at 0315 and the doors were not damaged. So the incident must have occurred sometime between the hours of 0315 and 0555. Police were unable to get ahold of a responsible in order to get an estimate of the damage to the doors. Police did give Mr. Russell the information needed for the responsible to call in and add to the report. Police did observe that the outer side entrance doors were both damaged by someone throwing a rock through them, but interior glass doors were undamaged. Police also observed that the damage was only in the upper half of both doors and was not large enough for a person to fit through. The doors were still secured and the locks didn't appear to be tampered with. With no suspect information this case is 4- Inactive. No further.

On 11/11/16 at 2320 hrs. I responded to a Miscellaneous call at Rainbow Creek Apartment #1401 at 7604 Standifer Gap Rd. Freniqua Williams reported that her boyfriend, Kevin Daniel, accused her of cheating tonight. After she made her way inside her parents apartment Daniel began knocking on the door to try to get her to come out. He was gone when police arrived. I spoke to Freniqua and her parents about the problem of her allowing this type of person to treat her this way. Her parents encouraged her to end the relationship due to Daniel's lack of respect, but Freniqua is not ready to end it. I asked them to call police back if Daniel returns tonight.
