On this date and time I responded to said address on a stolen car. The car was sitting on the lot of Chatt Town Radiator. I had asked Oscar Burnette, owner of the business about the car and he said that a friend of his, Gerry Luster sold the car to them for a third party. I then talked to Mr. Luster who said a woman in a car came up to him looking to sell the car. He took it to CHatt Town Radiator where Mr Burnette bought the car without looking at any identification of the persons who's name was on the title. Lt. R. Gibbens ran the vin number and it came back stolen. I contacted the victim who came out to get his car. After several inquiries, my initial observation was that he picked up a woman by the name Miranda Noble who was hanging around the Rossville blvd area. Once at his home she took the keys with her and took the car once he was sleeping. He then reported it stolen when she didn't come back with the car. I then called NCIC and was able to get the car out of the system.
