Neither party had active warrants and they allowed me to search the vehicle, but nothing illegal was located. I did notice a bracelet on Meredith's arm that looked identical to the bracelet that Mr. Painter's parents had stolen from their residence a couple of weeks prior. I questioned both parties about it seperately and both parties told me that Meredith has had it for a few years. After further investigation, the only difference that I could find on the bracelet was that it said "made in China" on the clasp and Mr. Painter's parents told me that their bracelet was real gold and silver. Both parties told me that an Adam Williams party had made a comment to them about burglarizing the Painter's residence, but they were not sure if it was true.

On 07/01/2017 at 22:15 hours, Officer Jonathan Scoggins (75428) responded to a possible accident at 3905 Clio Ave. Once on scene I observed a green Volkswagen pulled up on the curb (vehicle still running) blocking the walk way. I searched the area for the driver of the vehicle with no luck on locating him. I had dispatch call the anonymous complainant back to see if they would meet me, the complainant arrived on scene. She informed me the driver of the green Volkswagen was involved in an accident with a white van, the man driving the Volkswagen parked his vehicle and walked off, and the white van pulled to the side of the road up the street. She described the man who walked off as a white male approximately late 40's wearing a hat and shorts. I waited for a while to see if the driver would show back up, I even went to a near by gas station to see if the driver walked to find a phone to call Police. Contact with the Volkswagen owner could not be made so the vehicle was towed by United Transport, due to being parked impeding the side walk. The vehicle came back to a Thomas Murphy living at 910 Gilbert Ln LaFayette GA. Vehicle was towed to 3806 Rossville Blvd "United Transport". Vehicle suffered damage to the right side of the vehicle from front right wheel all down the side.
