The stolen vehicle in this case was recovered abandoned at the Bass Pro in East Ridge by the ERPD. The vehicle was processed for prints on the outside by Sgt. Wiertel prior to it being towed by Brooms Wrecker. The vehicle was locked at the time of recovery and the owner could not be reached, Sgt. Wiertel was not able to process the inside of the vehicle. On 7/24/17 I responded to Brooms and with permission from the victim I did open the vehicle and processed several items left inside the vehicle. The only possible print evidence located was pulled from the license plate that was folded up in the rear seat area of the vehicle. That evidence was then turned into A.F.I.S Division for possible comparison to try and develop a suspect identification. The manager of Bass Pro Shop was contacted about the vehicle being located on that property, the manager will be checking the security footage to see if they captured a suspect parking the vehicle on the lot. At this time the case will not have any suspect information, the case will remain suspended until further leads are developed.
