19-094520 9/19/2019 4:35:00PM 91Z Wrecker Violation Report 600 Ely Rd

On 09/19/2019 at 16:40 hours, Officer Frantom, Matthew S. (73497) reported a memo at 600 Ely Rd. I responded to a motor vehicle accident at this address. A district owner request tow was needed and Tommy's Automotive did respond. They arrived on scene at around 1700 hrs. Because of the positioning of the vehicle, the tow driver decided to back up to the vehicle from Candle Light Dr which was on a hill. The vehicle was in the roadway at 600 Ely Rd on it's side. After the tow ramp was dropped to the roadway and the car was brought onto all four tires, the truck stalled. It was determined that there was not enough gas for it to be on an incline. The horizontal bar beneath the ramp was completely on the ground. The vehicle was able to be moved onto Candle Light Dr. Candle Light Dr. was then completely blocked with the tow truck at an angle and the car next to it. I waited on scene until 1830 hrs when the tow was eventually able to be moved (after two others arrived in another tow truck and car to assist). Even though both vehicles were off of the main roadway (Ely) and on a side street, I had to remain on scene as it was believed they would need to back the tow onto Ely. This particular location is on Ely is a blind hill and curve on each side of the hill. Without blocking the road to allow the truck to back up, it would be highly likely there would be more wrecks. There were also times when the second tow needed to be on Ely Rd due to other circumstances. I cleared the scene at 1830 hrs. Nothing further.
