On 11/17/2018 at 09:30 hours, Officer Hans Anderson (75367) responded to a Other Larceny/Access Device at 5922 Lee Hwy. Upon arrival, police spoke with the complainant, Houston Shaw, who stated that yesterday, his ex-wife, Jordan Eisenhower contacted him and told him that one of her ex-boyfriends, Andrew Holmes, bragged to her that he had broken into the victim's property and stolen a large amplifier, subwoofer, and a radio out of the victim's boat. The victim, Houston Shaw went to his property, Ultimate Sounds Window Tinting, and found that a portion of his fence had been cut and the amplifier, subwoofer, and radio had been stolen out of his boat, which was on the property. When police contacted Ms. Eisenhower on the phone, she told police that she would testify that the suspect claimed responsibility for the theft. There were no witnesses to the crime and no physical evidence to tie the suspect to the theft.

Officer Anderson consulted with Investigator Brown (Car 130) from Property Crimes, who stated that because of the nature of relationship with the witness, without corroboration from an unbiased witness or physical evidence, there is not enough probable cause to take warrants out on the suspect.

No further police action required at this time.
