17-121895 12/19/2017 9:01:00PM 91Z Property Found 5596 Hixson Pike

On 12/19/2017 at 21:17 hours, Officer Roberts, Galen (61098) responded to a Property Found at 5596 Hixson Pike (which serves as the physical business address of the "Wendy's Restaurant"). An acquaintance alerted Paul Roberts (complainant) to the fact that a "First Tennessee Bank" debit card bearing his name was found amid the aforementioned business's private patron parking lot area. An anonymous patron turned the debit card in to a member of the restaurant's managerial staff (for safekeeping) in hopes that the rightful owner would eventually return to claim it. Paul Roberts was recently victimized in a credit card scheme and feared the worse (luckily, he didn't incur any type of monetary loss due to the fraudulent transaction being denied by the merchant). Paul Roberts was still in lawful possession of his debit card upon arriving at the restaurant. Police observed that the debit card in question had the name of a different financial institution printed on its front face (the account number was also completely different). Paul Roberts further stated that he hadn't received any additional fraud alerts regarding suspicious activity from his financial institution... thus lending credence to the possibility that the debit card legitimately belongs to another subject named Paul Roberts (three subjects named Paul Roberts residing in/around the immediate vicinity of Chattanooga popped up during a Google search). Police subsequently booked the debit card into the department's Property Division (#17-5330) for safekeeping. No further police action needed.

On 12/26/2017 at 09:45 hours, Officer R. Justice (68403) responded to a theft call at 123 E 7th Street. The address is to a building currently under construction with renovations being done on multiple floors. Upon arrival, police spoke with Bill Webb who oversees the project. He stated multiple sheets of tin metal were sitting in front of the building and were stolen sometime over the weekend. The metal sheets were in an area that was cordoned off by plastic fencing (they were not within the building). It appeared the suspect pulled down the fencing and, presumably, loaded the sheet metal on some type of vehicle. Mr. Webb valued the sheet metal at around \$1000.00 dollars. The metal was last seen by construction employees on 12/22/2017 at approximately 1500 hours. There was no physical evidence left behind and police found no cameras in the area that would have captured the theft. There is no suspect information at this time.
